basic cleaning

- extra strong cleaner
- strongly alkaline crustbreaker
- stain and abrasion removal
- effective removal of old stackings
- chlorine-free
- adequate for cleaning machines

RHEOSOL-Basic cleaner automatic

Concentrated basic cleaner, stripper and machine cleaner

Product description

Efficient, highly alkaline, liquid basic cleaner for removal of old wax and sealing layer in low-foaming setting. Removes effectively even persistent contamination such as fork lift traces or colour residues. Especially adequate for professional floor basic cleaning with cleaning apparatus.

Fields of application

PVC-, stone floors, ceramic layers, plastic layers, other water and alkaline-resistant floorings. Do not use on linoleum! Adequate for the professional basic cleaning of floors with cleaning machines.

Dosing instructions

Apply 10% dilution for the basic cleaning manual or mechanical, leave it on for a short time (10 minutes). Higher concentrations can be applied if wax and dispersion layers or other scales are difficult to remove, repete the procedure

eventually. Take off cleaning liquor, rinse carefully with water, if necessary neutralize. Test floor for resistance before application.

Contact times

Dosing specifications	Dosing details	Remark
basic cleaning	10%	-
intensive cleaning	100%	-

Composition
